Subject: RE: Lake Conestee

Looking at the SCDHEC Library on the SharePoint site, Revision 2 of the SI report was posted on April 2, 2021. I am not sure of the current status. The last time Alayna and I talked about the site, we discussed me incorporating my review into the version that she reviewed.

I'll get an update when Alayna returns.

Best regards,

Sandra Bramble (formerly Harrigan), Remedial Project Manager

Nothing big, just checking on the status as some parties may aligning to work with the Lake Conestee Foundation to come up with some fixes for the dam, but they are uncertain of its fate. Give me a call if you can, I'm in the office.

Thanks,
Ken

G. Kendall Taylor
